This week's
BOOHOO
moment

So long, One Direction...

Say it ain't so! After five years of world tours, mass hysteria and enough hair gel to sink a ship, it's officially Game Over for One Direction boys Harry Styles, Liam Payne, Niall Horan and Louis Tomlinson. Sob! Suddenly directionless, bereft fans have been posting an endless stream of LOL-worthy memes mourning pop's loss. Every cloud has a silver lining!

What would you do with \$7 mil?

That's probably the question Scott Disick and Lamar Odom are asking themselves as the ink dries on the contract for their bombshell TV interview (read about it on page 16).

If you need help spending your imaginary millions, this week's mag is a handbook of Hollywood excess, as our fave stars pump their fortunes into their faces (Surgery Shockers, page 20), their pampered kids (Harper Beckham, page 32) and their fancy mansions (page 36).

And no, Dad, I didn't forget. Sunday is Father's Day, so if you haven't already done your shopping, we've got plenty of ideas on page 56.

Have a great week!

Reality TV's first family make a splash in St Barts

Like mother, like daughter – like granddaughter! Yep, three generations of Kardashians were out doing what they do best, brimming with beachy confidence for the *Keeping Up With The Kardashians* cameras during a sun-soaked vacay in St Barts. But despite Kris Jenner and prego Kim Kardashian's best efforts, it was little Nori, two, who stole the show – and our hearts – as she splashed about in an adorable white one-piece, a super-cute bun and a megawatt smile.

We can't even deal!

Meanwhile, Kris and Kim did their best to crank up the heat in their revealing two pieces.

**BANG

She's still too little to take her first selfie, but Nori knows how to accessorise! The fashion-forward nipper wore swimmers by Aussie label Kaliver and added extra sparkle with on-fleck gold tattoos – temporary, of course! – on her itty-bitty arms.

Well, as the saying goes, if you've got it, flaunt it!

While Kris, 59, paraded about on the sand oozing sex appeal, 34-year-old Kim – who's expecting her and husband Kanye West's second bub in December – proudly showed off her rounded tum.

And needless to say, Kimmy's number-one fan Kanye, 38, can't get enough of his wife's amazing new curves.

"He's in love with Kim's pregnancy body and makes sure that she knows that at all times," says an insider.

"He tells her and texts her all the time that he loves how she looks and keeps her in a great mood as much as he can."

What can we say? Kanye's got great taste! →

KRIS'S REVENGE BODY

The past few months have been all Caitlyn, Caitlyn, Caitlyn – but now it's momager Kris's time to shine! And the reality matriarch is looking gorgeous these days! In fact, it's fair to say she's rocking a body most 30-somethings would kill for! And while Kris is no stranger to body insecurities – having undergone face lifts and breast augmentations in a bid to turn back the clock – the bikini-ready grandmother is ready to face her 60s head-on.

"What's the alternative, you know?" she reasons. "I'm so blessed to feel good, feel strong. I want to embrace that and just be an example to people who are my age that you can look good and feel good at any age."

No doubt she has her super-healthy lifestyle to thank for such a positive attitude.

"I try to work out as much as possible and eat right," she reveals. "I get up about 4.30am and work out."

Well, anyone with eyeballs can see it's paying off in spades!

But Kim's baby body confidence didn't come easy. The star admits that bullies during her first pregnancy left her feeling ashamed of her looks.

"It was the worst!" she reveals. "I couldn't help it, and everyone would say, 'She can't stop eating.' I delivered at [87kg], and they were like, 'She's 210 pounds [95kg]. She's getting

dumped because she's too fat,' and all these ridiculous stories.

"It really took a toll after the fact, when I was losing weight. It changed my mood, it changed who I was, it changed my personality a lot."

And with a little luck, Kimmy's new up-and-at-'em attitude means we'll be seeing a whole lot more of her burgeoning baby bump over the next few months.

While Kris and Kim strutted their stuff in body-baring bikinis, Khloe and Kendall covered up – well, kind of! But the smokin' sisters made sure they gave credit where credit's due as they frolicked on a fancy yacht, with Khloe, 31, captioning a snap with 19-year-old Kendall, "Made in KrisJenner™."

Did Lily steal Miley's girl

Stella's new gal pal has the singer seeing red – or should that be green?

The run-up to her night of nights hosting the MTV Video Music Awards hasn't exactly been cause for celebration for Miley Cyrus thanks to an epic bust-up with girlfriend Stella Maxwell that left her in tears!

Yup, we're told Miley, 22, and Stella had a blazing row on the eve of the event over the model's blossoming friendship with their mutual pal, bisexual Hollywood debutante Lily-Rose Depp – the daughter of Johnny Depp

and Vanessa Paradis!

We can exclusively reveal that what started as a cosy friendship between the three girls earlier this year began to sour for Miley when the Victoria's Secret Angel started spending more and more time with 16-year-old Lily-Rose, who has just come out as "sexually fluid" via the Self Evident Truths project.

Founder of the LGBTQI-themed photographic project iO Tillett Wright shared a sweet snap of herself with Lily on Instagram last week, writing, "I'm so proud of my baby girl @lilyrose_depp," adding that, like Stella and Miley, the budding model "falls somewhere on the vast spectrum" of people who

do not identify as 100 per cent straight.

Meanwhile, in the lead-up to the VMAs, Miley's been so focused on work and putting on a big show that she's hardly seen Stella.

"Unfortunately for Miley, Stella's not the type to sit at home waiting around," says our source. "She's been hanging out with Lily."

And even though the pair are happy chilling out in the friend zone for now, we're told their super-close relationship has been "driving Miley crazy".

"She's never rated herself in the looks department," reveals our insider.

"Miley thinks Stella and Lily are picture-perfect beautiful and totally out of her league."

'STELLA'S BEEN HANGING OUT WITH LILY'

What's more, with rumours of a split swirling for weeks – as the girlfriends haven't been seen in public together since late June – Miley was spitting bullets that the relentless stream of flirty photos of Stella and Lily flooding their respective Instagram accounts was threatening to take some of the spotlight off her big hosting gig.

And while Miley might not approve of 24-year-old Stella's new girl crush, bloggers reckon the new besties are a match made in heaven.

"I'm glad Stella moved on," wrote one fan on Instagram, while another gushed, "OMG they're perfection."

Now, with split rumours reaching fever pitch, insiders say it's only a matter of time before Miley and Stella call time on their relationship for good.

Well it sure looked like fun while it lasted! ■

PINK'S BABY IT'S T

Life's looking rosy for the clucky singer!

She's been trying for another bub for years, but it's time for Pink to crack out the alcohol-free champers – because we hear our fave crop-haired chart-topper is expecting!

And it seems she has double the reason to celebrate, with whispers swirling that she and husband Carey Hart, 40, have not one, but two bundles of joy on the way.

"Pink's pals are buzzing that it's twins," a family friend tells NW.

"She and Carey had been trying everything to get pregnant, and just when she was getting to the point of giving up, it looks like they finally hit the jackpot!"

While it's not known whether the pair turned to IVF, one thing's

for sure – their cute-as-a-button daughter Willow, four, is jumping for joy at the thought of having little brothers or sisters to hang out with. Which is something Pink's been gunning for from the get-go.

"My brother is everything to me. So I want her to have family beyond her papa and me," the 35-year-old admits. "For that reason, I mostly want another one for her to have a lifelong friend."

And it seems more kids have been on the cards ever since Willow popped out.

"We want a basketball team of kids," Pink gushed shortly after giving birth in 2011. "We want lots and lots and lots!"

Of course the caring pop star intends to involve little Willow at every stage of the

CAM & BENJI'S BONDI BUB!

No wonder *The Voice* coach Benji Madden, 36, was all smiles as he hit up Sydney's Bondi Beach last week with his missus Cameron Diaz – we hear she's finally up the duff with their first baby!

"It's no secret they've been trying for a baby for a while, and the fact she's flown out to be with him Down Under has everyone buzzing that it's finally happened!" says a long-time pal.

"Judging by the big smile on Benji's face and the glow on hers when she arrived in Sydney, there's more going on than just a reunion."

And even though super-skinny Cam, 42, isn't

showing yet, we're told she's 100 per cent ready for motherhood after quitting booze and giving up her beloved sushi!

We're even told the exercise junkie has hit the pause button on her LA gym membership!

"They won't properly announce it until she's into her second trimester, but we think she's around eight weeks along, so there's a chance they could announce it in Australia!" adds the insider. "What's more, Cam's fallen so hard for Oz, she's wants to call the baby Sydney!"

Ha – we like the sound of that!

The klan had better beware – hell hath no fury like a scorned Kardashian ex!

Driven by revenge and the prospect of a \$7 million pay day, Kourtney and Khloe Kardashian's former flames Scott Disick and Lamar Odom are joining forces for a damning tell-all that will expose the family's carefully buried secrets. Yikes!

According to the sisters' jilted exes, fake storylines on *Keeping Up With The Kardashians* are just the tip of the iceberg when it comes to skeletons in the klan's walk-in closet!

From drugs, affairs and plastic surgery, to what the famous family really think of Caitlyn Jenner's transition, the boys have a score to settle. And, word is, they've already filmed the bombshell interview after agreeing on the mammoth fee with a US TV network.

"Scott and Lamar think the Kardashians ruined their lives," spills an insider to *Life & Style* mag. "So in the tell-all, nothing

will be off limits. They have so much dirt, [it] could destroy the family's brand and careers."

While the boys battle their own issues with substance abuse – Scott is rumoured to be hooked on cocaine and Lamar is long-rumoured to be addicted to crack – they're set to expose the klan's drug habits.

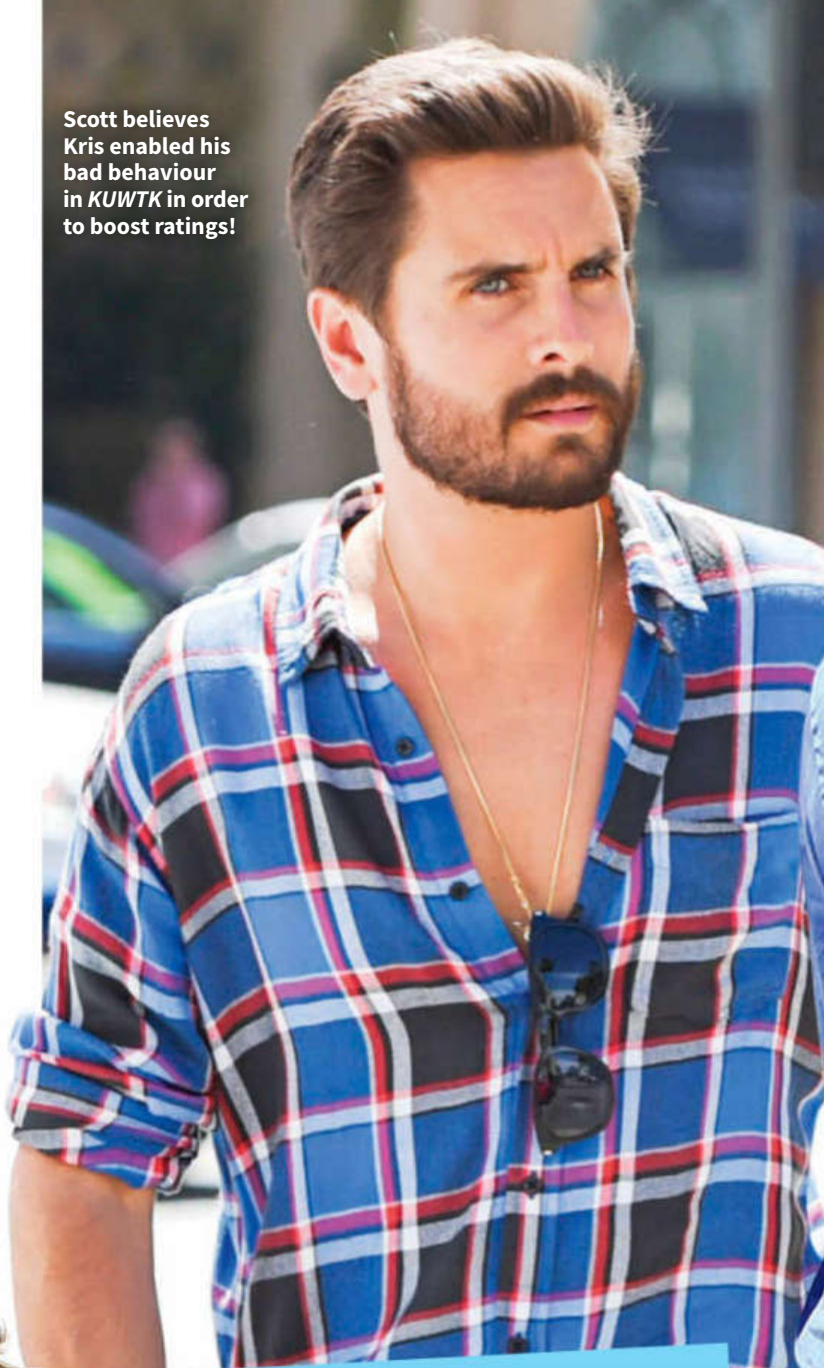

According to the insider, KoKo – who's denied using drugs in the past – turns to diet pills when she's feeling "insecure about her looks". And the rest of the fam are no strangers to sedatives such as Xanax and Ambien.

What's more, looking perfect is so important to matriarch Kris Jenner, 59, she's said to have pressured her entire brood to get plastic surgery – even Kendall, 19, and Kylie, 18.

And if anyone fails to meet her standards, they get frozen out! Which, says the insider, is what happened to "100 pounds [45kg] overweight" Rob, 28, who Kris is said to "taunt" over his size.

THEY COULD DESTROY THE FAMILY'S BRAND

Scott believes Kris enabled his bad behaviour in *KUWTK* in order to boost ratings!

Secrets spilled!

"I will air everything out," says Khloe's furious ex Lamar.

Scott & Lamar's

EXPLOSIVE T

POPPIN' BOTTLES - AND PILLS

Not only does Kris booze "24/7", the insider adds that some family members "pop Zanax and Ambien like they're candy".

And when she wasn't "strategising" over who her kids should date, marry and dump for the sake of *KUWTK*, Kris's fave pastime was getting "handsy" with Lamar, 35, behind Khloe's back! Gross!

"The book will discuss how Kris flirted with Lamar throughout his marriage to Khloe," says the source. "She made it seem like she was available if he wanted."

But Khloe, 31, wasn't exactly blameless in the marriage breakdown either, says Lamar, who's been gunning for his ex-wife ever since that ugly scene outside her LA

SoulCycle class earlier this month.

"He will tell his side of the story

wasn't the only

one who strayed," says the insider, who adds that Lamar will reveal that Khloe two-timed him with French Montana, 30.

As far as Scott's concerned, when he's not spilling about Kourt's secret sex tape (nope, he's not her co-star!), he'll be dishing on 34-year-old Kim's.

"He knows who really sold it, what money was exchanged," says a family friend.

Plus, Scott, 32, is ready to dish on Kim's "hit list" of men she wanted to bed to further her career – and Kanye West and his BFF Jay Z made the cut.

"At the top of the list, above Kanye, was Jay Z!" says another source close to the family.

As well as revenge on Kourt, 36, who dumped him in July after a tempestuous nine-year relationship, Scott has another incentive to take down his former family – cash!

With club appearances drying up now he's no longer affiliated with the klan, Scott's got nothing to lose and everything to gain.

"Kourtney has cut Scott off," says the insider. "He's hoping the tell-all will make him financially set for life." ■

Is Tyga a snitch, too?

Scott may be at war with his estranged baby mama Kourtney, but Scott and Kylie's boyfriend Tyga are still as tight as ever!

In fact, the duo were acting like best buds when they ran into each other while shopping in Beverly Hills last week, raising questions about the rapper's loyalty.

"Tyga is part of the Kardashian family's inner sanctum and is privy to all sorts of information that could bring the family down if it fell into the wrong hands," says a source.

Hmm, whether 25-year-old Tyga can be trusted remains to be seen...

TELL-ALL!

Khloe's toey new fella has an eye for the ladies

Look out, KoKo!

James is a player!

When it comes to love, poor Khloe Kardashian just can't catch a break! After having her heart smashed to smithereens by her cheating, drug-addicted ex-husband Lamar Odom, it looks like the needy reality star has found herself slap-bang in the middle of another toxic romance, this time with basketballer James Harden. While KoKo, 31, has fallen hard

for the Houston Rockets' man, sources say his past is littered with models, strippers and escorts!

What's more, James reportedly wants to keep playing the field, with US mag *Star* claiming the 26-year-old loves hooking up with as many women as possible and pays top dollar "to make sure all of his needs are met".

Indeed, he's said to have forked out \$140,000 for a date with US stripper Maliah Michel and \$30,000 to spend the night with callgirl Jenna Shea!

Then there's stunning Aussie student Rochelle Relf, 23, who's gone public with claims of a steamy hook-up with James in Sydney in June – just days after he enjoyed a romantic break with Khloe in Hawaii.

"James has made it clear that he's not ready to settle down," says a source. "If that's what Khloe's looking for she's got the wrong guy." ■

Iggy Azalea, 25, has been open about her boob and nose jobs, reasoning, "It's lame to deny something so obvious," but that doesn't fully explain why her face looks so different to what it did a few months ago. Surgeons think it could be due to chin implants and fillers in her cheeks.

TORI

Tori Spelling's always been fond of a procedure or two – her botched boob job is the stuff of legend! – but her penchant for surgery is turning into an obsession. With her unnaturally plump cheeks, curiously full lips and suspiciously arched brow, the 42-year-old is barely recognisable. "The high points of her cheeks and her front cheeks are quite large due to a lot of dermal filler," explains Sydney plastic surgeon Dr Naomi McCullum (drnaomi.com.au). "Her lips are very full, and she has obviously had Botox." Indeed, she's rumoured to have had the works done during her regular two-hour session at the Calabasas Medical Spa on August 23 – which she was seen leaving with a red, blotchy face. Sadly, sources close to the mum-of-four say Tori's confidence was shattered when hubby Dean McDermott cheated on her and she's turned to more surgery in a bid to feel better. "She hit a rough patch with her self-esteem due to Dean's cheating," says an insider. "She doesn't feel good and she wants to do something." You've done enough, Tori!

Yikes! Surgeon on speed dial, anyone?

Celebs getting the odd nip and tuck is nothing new, but some stars have clearly forgotten that less is definitely more when it comes to plastic surgery!

From overfilled pillow faces and comically plump pouts to perpetually frozen expressions, these famous ladies will stop at nothing in their bid to turn back the hands of time.

But here at NW, we're calling an intervention – it's time to step away from the surgeon's scalpel and embrace your natural beauty, ladies!

Mark Norfolk, clinical director at Transform Cosmetic Surgery, says 34-year-old Britney Spears's look at the Teen Choice Awards on August 16 is down to "several facial treatments, including recent Botox injections", adding, "Her nose is also looking thinner, which could be due to recent rhinoplasty."

COURTENEY

She's arguably more famous for her changing face than she is for her acting, but our beloved former *Friends* star Courteney Cox recently said the only help she's had is Botox. Still, the 51-year old appeared strangely puffy at the LA premiere of a new TV series – ironically, called *Hand Of God* – fuelling rumours she's also had some surgical assistance. "Courteney looked so good for so long, and then suddenly things turned around and she looked like a hardcore dermal filler patient," says Dr McCullum. "She looks more enhanced than natural these days."

W surgery ckers!

"I suspect that she had injections of a filler like Sculptra into her cheeks, making them plumper," says US surgeon Dr Anthony Youn. He also thinks 52-year-old Demi Moore's fuller lips are likely to be the result of a filler like Restylane.

"I have temporary lip fillers," confesses selfie queen Kylie Jenner, 18 – and that's just the tip of the artificial iceberg! In photos, the pretty teenager is all lash extensions, coloured contact lenses, pencilled-in brows, filters to banish freckles and contouring to enhance her bone structure. But her dramatic new look isn't just down to clever make-up techniques and the odd jab of Restylane. Plastic surgeons reckon the young reality star has had serious surgery to permanently change her appearance – but it could end up backfiring big-time. "Kylie has made herself look way beyond her years," notes British plastic surgeon Mark Ho-Asjoe. "All the surgery I suspect she's had – fillers to her lips and cheeks, a nose job and possibly some bone shaving around her jaw – is ageing her.... The dangers of overdoing it include the usual risks associated with medical procedures, as well as the aesthetic one of looking uglier than before."

Olivia Newton-John's daughter Chloe Lattanzi, 29, has drastically altered her look. "Like most cosmetic patients, she seems to like injectables, including dermal filler for lips," says Dr McCullum. Chloe loves her new look, too, declaring, "Girls with big boobs, big lips and short skirts are sexy bombshells."

Former *Geordie Shore* starlet Charlotte Crosby, 25, has taken to cosmetic surgery like a duck to water – having already plumped up her pout, Char has a long list of procedures she wants. "I'd have a boob job, more Botox, more lip fillers, maybe a nose job," says Charlotte, adding that she could care less if she ends up unrecognisable. "You only have one life!"

Dr McCullum has no doubt that Lauren Goodger, 28, is addicted to looking artificial. "These lips are in serious 'plastic-positive' territory," she observes. "Plastic-positive patients do not like to look normal – they see normal as ugly and they only find beauty in the excessively enhanced look."

Geordie Shore's Holly Hagan, 23, admits she's had breast augmentation and lip fillers. "Holly is obviously an out-and-proud cosmetic patient," says Dr McCullum. Anything her estranged hubby can do, Kate Moss can do better!

Yup, in the weeks since her rocker ex Jamie was spotted cosying up to Canadian model Jessica Stam following a gig by his band The Kills in West Hollywood on July 27, Kate has upped the ante by cavorting with *three* different people!

Yikes! It looks like those recent rumours she's been angling for reconciliation have been well and truly blown out of the water.

Just days after rumours that she'd been hooking up with her musician friend Sharna Liguz emerged, Mossy was spotted flirting with two hot pals on a yacht off the Italian coast – one being British TV presenter Richard Bacon, 39.

Of course, being a married man, Richard kept his hands to

himself, although he certainly snuck a few glances at the sizzling 41-year-old as she knocked back glasses of white wine. Well, he's only human!

As for the second gent, he managed to score a cheeky kiss from Mossy, who clearly can't resist a man with tats!

"Kate looked so happy in his company," says an insider. "She couldn't stop touching him and after they kissed she couldn't wipe the smile off her face. It was great to see her so happy!"

Now, with Kate living it up all over Europe since the news broke that her four-year marriage was kaput, insiders confirm that any hope of a reconciliation with 46-year-old Jamie has flown right out the window.

"Jamie's just waiting for Kate to move forward with divorce proceedings," reveals an insider. "There won't be a reconciliation." ■

THE GAL PAL

So who's Kate's lady friend?

They've been good friends for years, but it seems things have been heating up lately between Kate and her musician bestie Sharna. Not only did the 30-year-old – who grew up in Sydney – join Mossy vacaying in France, Ibiza and Italy following her split, but the glamorous pair were also spotted getting cosy during an evening out at London's Black Dice nightclub.

"They were totally glued to each other all night – they left together at the end of the party, too," reveals an onlooker.

"Her sudden closeness to Mossy has got everyone in their inner circle talking."

Well, Kate does have a thing for musicians!

Poor Jen's SKINNY AND STRESSED!

Jen's bony
appearance on
the Brisbane
catwalk last
week

Putting on a brave face, she admits, 'I'm only human'

Her jaw-dropping good looks and killer bod have made her a household name, but national treasure Jennifer Hawkins

has left many worried for her health following a recent turn on the catwalk.

Indeed, the normally curvacious beauty cut a frighteningly frail figure as she strutted her stuff for the Myer Spring/Summer Fashion Show in Brisbane last week.

It's hardly surprising perhaps given the stresses of recent weeks, which saw her beloved mum Gail, 63, hospitalised after being diagnosed with cancer.

"It's just strange how Mum's operation fell on the

day," the 31-year-old said ahead of the high-profile event.

"The whole family has been really strong and have all come together... I'll be with her before and after [the parade]."

Of course, it's not the first time the former Miss Universe's figure has prompted concern.

"I am healthy – there is absolutely no problem," Jen insisted after being criticised for being "over-lean and bony" in 2010,

shooting down suggestions of an eating disorder while blaming her jutting hipbones and exposed ribs on a severe case of food poisoning.

"I maintain a healthy lifestyle and love to exercise and eat well," the beach babe added, "but things like getting sick happen. I am only human." ■

'THERE IS
ABSOLUTELY
NO PROBLEM'

Sharni's disappearing act

Her super-slender appearance has always been a hot topic of conversation, but the sight of Sharni Vinson's recent modelling session in South Africa had fans hitting the panic button!

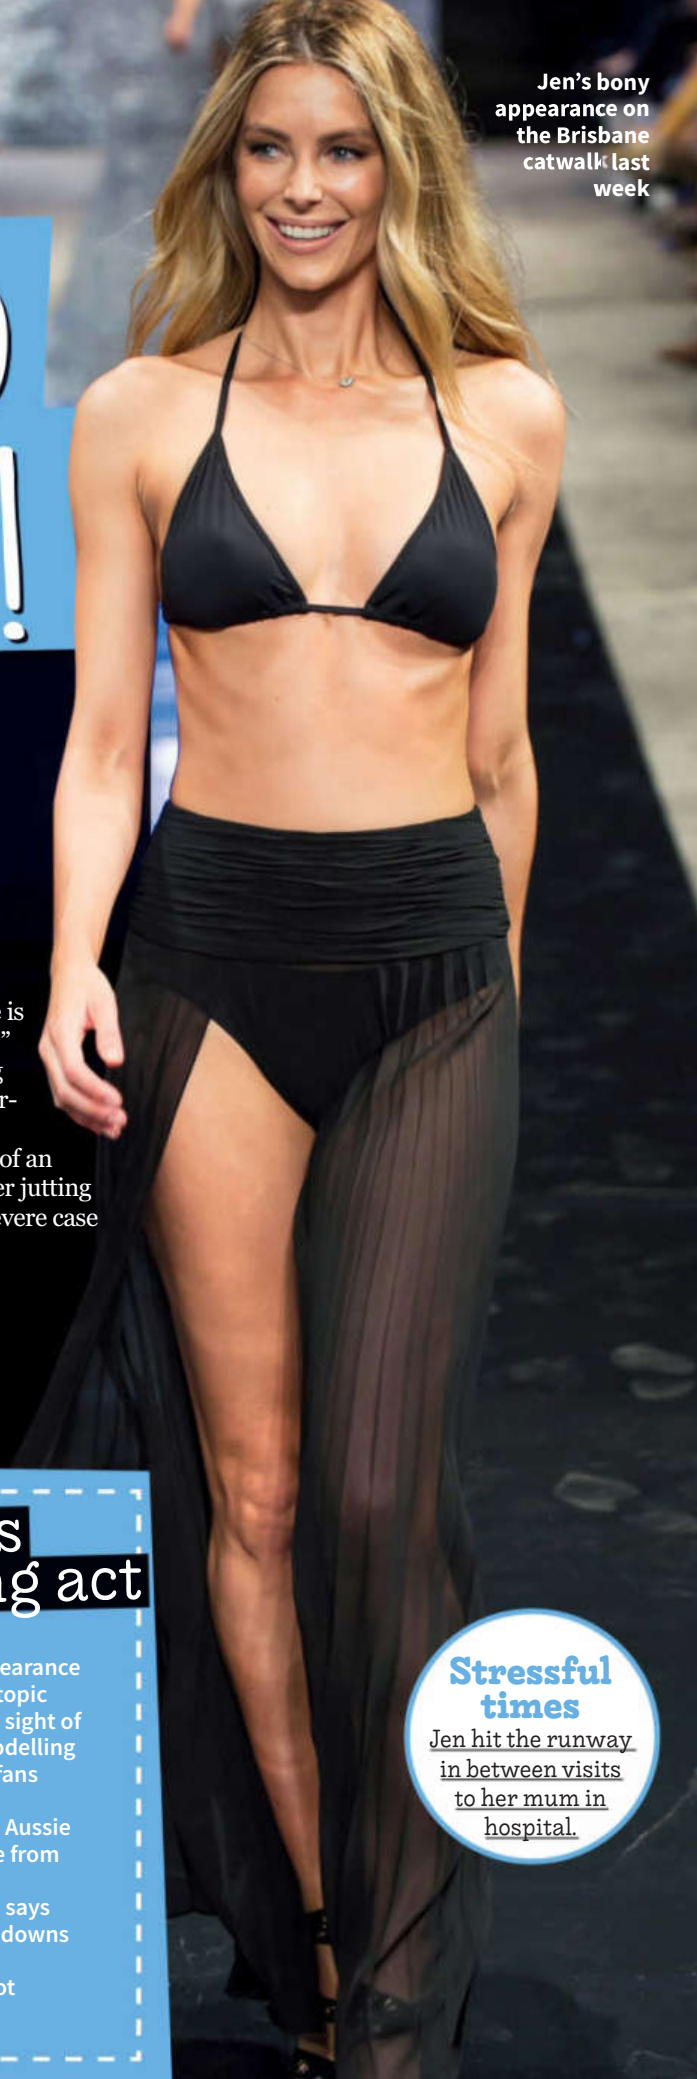

Ignoring growing concern for her health, the Aussie actress proudly shared snaps of her tiny frame from the shoot on Instagram.

"I've always been a very naturally slim girl," says the *Home And Away* alum, 32, who insists she downs milkshakes and burgers on a daily basis.

"If I was the way I was perceived, I would not physically be able to do what I do."

Stressful times

This week's **BIG** QUESTIONS

1 WILL CALVIN EVER LET TAYLOR FIGHT HER OWN BATTLES?

First he got into a Twitter spat with Zayn Malik in defense of his leggy lass, now it seems Calvin Harris has cut himself a slice of Taylor Swift's beef with Avril Lavigne!

After Taylor "liked" a fan-created Tumblr pic that implied she's more affectionate with her fans than Avril, the 30-year-old Canadian slammed Tay, 25, tweeting, "Judging a person does not define who they are it defines who you are. We all love our fans."

Calvin then appeared to leap to Tay's defence, tweeting, "She was only having fun with her fans, not trying to compare you."

And while the Scottish DJ, 30, claims the tweet is fake, it does seem like something he'd write...

Calvin Harris @CalvinHarris
@AvrilLavigne she didn't judge you she doesn't judge anyone! She was only having fun with her fans, not trying to compare herself to you.

2 HAS MIRANDA HEARD THE TERM 'TMI'?

As a former Victoria's Secret Angel and self-confessed Mile-High Club member, Miranda Kerr's certainly not shy! But an Instagram snap she posted last week rocking sneakers and little else has her fans wondering whether the 32-year-old's given up on modesty altogether!

"Oh please Miranda- this is cheap!" commented one fan.

"Respect yourself," wrote another, while a third asked, "What happened to class Miranda?"

Meanwhile, the upcoming issue of *V Magazine* features Miranda in nothing but a G-string and fishnet body stocking!

Hey, if we looked that good, we'd be wearing nothing, too!

3 DID BROADWAY BREAK RUMER?

Having won *US Dancing With The Stars* earlier this year – despite suffering stress fractures in her foot! – Rumer Willis is now gearing up to play Roxy Hart in the Broadway production of *Chicago*, but we hear it has her on the verge of a breakdown!

"Rumer's been a disaster in rehearsals," spills an insider. "Sure, she knows how to dance. But taking on the starring role in a major production is way beyond anything she's ever done before. Rumer has been crying and suffering panic attacks. She just can't cope. Everyone is wondering if she'll quit – or get fired."

We've seen more of her bum than her face lately!

4 IS THIS THE END OF SNOOKI'S MARRIAGE?

Say it ain't so! Former *Jersey Shore* star Snooki has found herself embroiled in a cheating scandal after her hubby-of-one-year Jionni LaValle's details were found on a leaked list of Ashley Madison users!

But the 27-year-old reckons there's no way her man visited the hook-up site, whose slogan is "Life is short. Have an affair."

"No my husband didn't sign up on that website to cheat on me," she insists on Instagram. "I love you babe. And even though I'm a pain in your ass, I know you would never cheat on me."

Kate and her fella hit a West Hollywood spa together on August 22

5 WHO'S KATE'S NEW MAN?

Her former fiancé Matt Bellamy may have moved on with model Elle Evans, but Kate Hudson's wasting no time pining over him – she's too busy cosying up to this hunky mystery man!

Still, we're not sure we'd class the 26-year-old's romantic rendezvous at a West Hollywood cryotherapy clinic as a hot date – as the treatments on offer involve temperatures as low as -150°C!

But considering they arrived in the same car, they'd probably warmed each other up enough already...

This week's **BIG** QUESTIONS

Cheat's guide to the week's **hottest** gossip!

6 IS MADONNA A MEAN BOSS?

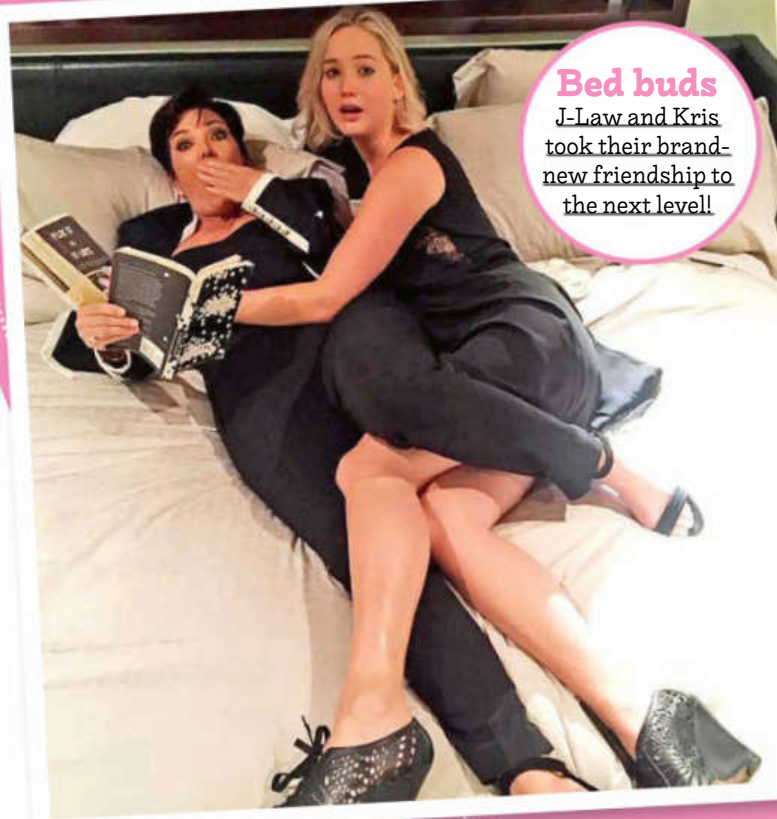

It sounds like the Queen Of Pop is more of a tyrant, giving Kevin Spacey's character in *Horrible Bosses* a real run for his money.

According to the *National Enquirer*, dancers on Madonna's Rebel Heart Tour have "declared mutiny because she's working them straight into the grave".

"She's been acting insane," says a source. "One of the dancers broke her arm during rehearsals and instead of showing concern, Madonna had a meltdown."

The crew also claim the Material Girl, 57, is verbally abusive, demands they wear black at all times and "knows everyone she hires will work countless hours at less than minimum wage because they want to work with Madonna". Yikes!

7 IS J-LAW THE BIGGEST REALITY TV FANGIRL EVER?

Bed buds

J-Law and Kris took their brand-new friendship to the next level!

After more than a year of divorce rumours, Beyonce, 33, and Jay Z, 45 – who've had their matching wedding tattoos removed – have hit another rough patch, with Bey discovering his secret bank account!

"As if they don't already have trust issues! But Jay was quick to downplay it all and make out as though he'd simply forgotten it was there," reveals our exclusive insider. "He initially set it up when it looked like they were headed for divorce a couple of years ago, but he can't tell her that."

8 DOES JAY Z HAVE A DIVORCE BACK-UP PLAN?

For sure! In fact, Jennifer Lawrence jumped at the chance to hop into bed with *Keeping Up With The Kardashians* matriarch Kris Jenner at her 25th birthday bash in LA recently.

Yup, after rocking up to the shindig at a private home in the Hollywood Hills, reality TV junkie Jen discovered her pals had invited queen bee Kris – hot on the heels of her family vacay in St Barts – as the surprise guest of honour.

“Kris arrived after just having landed back in LA,” dishes an insider. “She was drinking lots of white wine... to a point where she said, ‘I have to stop drinking!’ Jen really had a blast laughing and dancing with Kris.”

The 59-year-old – who also busted out her fave karaoke tunes – was just as excited.

“Thanks for making this night a night to remember..... even if we did get caught,” she captioned a snap of herself snuggling with the self-confessed *KUWTK* tragic.

Of course, it's not the first time Jen's been busted fangirling over her fave reality star. Last year, she and her gal pals hit up Lisa Vanderpump's LA restaurant Pump for a cuddle with the *Real Housewives Of Beverly Hills* top dog and her mini-mutt Giggy!

Giggy was the only guy welcome on Jen's girls' night out with Lisa

DOES JAKE LOVE OLDER WOMEN?

Hollywood bachelor Jake Gyllenhaal, 34, may be off the market – as we hear Susan Sarandon, 68, has got her cougar paws on him!

Indeed, after dating younger fella Jonathan Bricklin, 38, for the last few years, Susie now has her sights set on Jakey. And the unlikely pair did little to dispel

relationship rumours as they cosied up for photos at the afterparty for the Broadway musical *Hamilton* in New York recently.

“The rumour is they’ve been hooking up on the down-low,” spills a source. “A lot of people are hoping they go with the flow and give it a shot.”

10 WHY WAS WIZ CUFFED?

Wiz Khalifa has been arrested... for riding his PhunkeeDuck! The rapper was detained at LAX airport by three police officers after refusing to dismount the self-balancing transport device.

“Haven’t been slammed and cuffed in a while. That was fun,” the 27-year-old tweeted with a video of the incident. “All because I didn’t want to ditch the technology everyone will be using in the next 6 months... Our generation is gonna be riding hover boards so if you don’t like it eat a d**k!”

Er, hoverboards? Not sure that excuse will cut it in court, Wiz....

Harper's high-end
wardrobe is worth
a fortune!

Forget Barbies and building blocks – this A-list nipper has her own glam squad to play with!

She's only four, but Harper Beckham's already experienced more luxury than most of us will see in an entire lifetime!

Just to drive the point home, her fashion designer mum Victoria shared a snap of the tot being treated to a \$200 mani-pedi by Tom Bachik, who also tends to the talons of Jennifer Lopez, Jennifer Aniston and Jessica Simpson!

And while Posh's penchant for perfection is legendary, we were left gobsmacked when a source told us the 41-year-old has already racked up over \$200,000 in fashion and beauty expenses for Harper!

"Victoria says only the best will do for her little princess," reveals our insider.

"She goes all out with the beauty and primping services. Victoria has both celebrity hair stylists Ken Paves and Chris McMillan on speed-dial for home visits.

Not only is Harper lucky enough to get haircuts from Jennifer Aniston's hairdresser Chris McMillan, but she also shares Jen's nail technician!

Jennifer Aniston poses with hair guru Chris, who also styles Harper's strands!

Want to be her!

They'll come over at a cost of \$700 per session to work on Harper's locks."

And for \$350 a pop, we're told the youngster gets weekly facials involving mud masks and cheek massages!

But it's not just Harper's beauty regimen that has us all turning into green-eyed monsters – she has a wardrobe overflowing with designer clothes, too!

What's more, to ensure she's at the forefront of fashion even when Mum's not in town, we're told celebrity stylists Rob Zangardi and Mariel Haenn are enlisted to sort out Harper's outfits. Their fee? A whopping \$500 an hour!

And no daughter of Victoria's would be seen dead without the right accessories – which is why Harper already owns \$7000 worth of earrings, a \$16,000 necklace, plus \$10,000 worth diamond, gold and platinum bracelets and earrings!

No wonder doting dad David, 40, often jokes that he's glad he's only got one daughter – otherwise he'd be broke!

"David baulks at the amount Victoria spends on Harper's clothes, treatments and beauty regimen, but Victoria waves him off," adds our source. "She believes it's a duty for her family to look great all the time." ■

J.LO'S DODGY DOUBLES!

Dude looks
like a diva...

2

Her stand-ins are fooling no-one!

Sure, stand-ins are mainly seen from very far away or behind, but Jennifer Lopez's latest body doubles couldn't look any less like her if they tried!

In fact, the imitation J.Lo (above left) on the set of her new TV series *Shades Of Blue* looks more like Jennifer Grey in *Dirty Dancing* than Jenny From The Block!

As for her stuntwoman on that film (right), even J.Lo seems to have her doubts.

But it's not the first time the 46-year-old has copped a raw deal in the doppelganger department.

Back in 2012, a male body double was employed to carry out the more challenging stunts in the music video for her song *Follow The Leader*!

Well, at least the curvaceous cutie doesn't discriminate!

But while J.Lo may need a stand-in to launch themselves out of moving cars in her place – hello, manicure! – she has it covered when it comes to whipping off her kit for the camera.

When she appeared in *The Boy Next Door* with Ryan Guzman last year, she insisted all her nude shots were 100 per cent real!

"It was all me... [Sex scenes] are uncomfortable, but your job as an actress or an actor is to make it believable," she says.

Yup, some things you just can't fake! ■

1 The key here is texture. Fake it by tonging your locks to create loose waves. Section strands off from the top of your ear to the nape of your neck and braid into a fishtail. Side-part the rest of the hair and loosely plait. Meet the styles and tuck into a bun. Texture powder at the roots will offer grit.

3 Now for the fun part – adding your bright liner. Keep it classy by applying it to the outer corners only, on both top and bottom to pack a punch. Finish with lashings of mascara and a natural-looking pink pout. Balance the look by defining your brows. Voila!

Karlie's killer BODY SECRETS

Sweat like a supermodel? Yes, please!

Feel like nabbing some of the fitness habits of Karlie Kloss? Well, get ready to work for it!

The 23-year-old supermodel is no slouch, choosing to whip herself into shape with running, boxing, spin and anything else that pushes her.

"Because running is hard, I'm almost more drawn to it," she explains.

And it's that attitude that so impresses her trainer Justin Gelband, who says, "She is

one of the hardest-working clients I've ever had."

To fuel her exertions, she's also swapped comfort food for nutrient-dense eats.

"I stopped eating Goldfish [crackers] and Oreos and started eating kale salads and avocado toast," says the former Victoria's Secret Angel, who opts for protein and plant-based foods. "It changed my energy. I realised, 'OK, how I eat affects how I feel.'" And how she looks!

**'SHE'S ONE
OF MY
HARDEST-
WORKING
CLIENTS'**

Challenge yourself

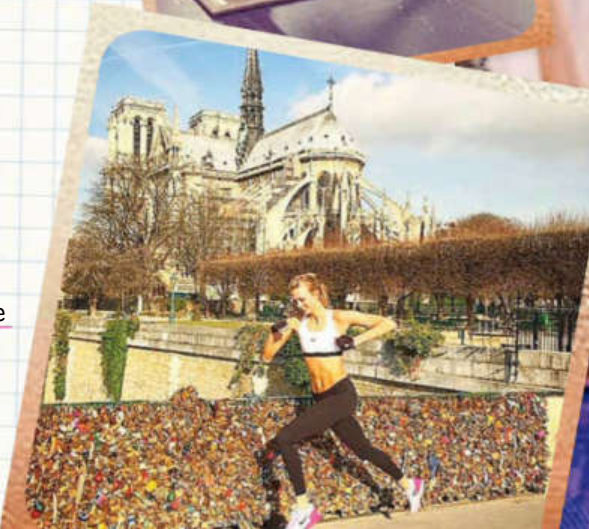

"I've always danced," explains the former ballerina, "but I transitioned into finding new ways to strengthen and test my body."

Even when she's on the road, Karlie packs her sneakers so that she has no excuse to skip her daily 15-minute-minimum cardio sessions, such as sparring, spinning and sprinting.

"It releases stress and gets your body moving," she says, adding that she likes to "counter it with really focused movements to target certain muscles".

A great workout for that is Pilates, which Karlie does on a reformer a few times a week.

Photos: Instagram

Enjoy healthy treats

"Before a work out, I love a cookie! I go for one of my cookies for some energy," she says or her own snack brand Karlie's Kookies. "It's surprising, there's a lot of protein in the cookie because of the almonds that go into it."

Here's how to make them yourself!

KARLIE'S KOOKIES COCO KOOKIE

Ingredients

- 1 $\frac{3}{4}$ cup almond flour
- $\frac{1}{2}$ cup gluten-free flour blend
- $\frac{1}{2}$ tsp baking powder
- $\frac{1}{2}$ tsp cinnamon
- $\frac{1}{4}$ cup coconut flakes
- $\frac{1}{2}$ cup pecans, toasted
- 1 $\frac{1}{2}$ cup maple syrup
- $\frac{1}{2}$ tsp vanilla extract
- $\frac{1}{2}$ tsp cornstarch
- 1 tsp salt
- 1 tsp maple extract

Method

- 1 Preheat oven to 160°C. Line a tray with baking paper.
- 2 Mix all dry ingredients in the blender on low until evenly dispersed.

3 Slowly add the wet ingredients. The batter will be very wet – don't worry.

4 Scoop into 12 small balls, flatten with your hand and refrigerate for an hour.

5 Pop in the oven and cook for nine minutes or until golden.

6 Stand to cool before serving.

Makes 12 cookies

KARLIE DON'T SURF

She may be a fan of mixing it up, but even Karlie has a workout she refuses to do! "Surfing," she says. "I was really, really bad at it. I think I'm too tall!"

Angelic avos

Five reasons you should jump on the avocado bandwagon with Karlie!

■ Adding an avocado to your meals can help you feel fuller, thus reducing the chance you'll fall victim to a snack attack!

■ Avocados contain loads of colourful carotenoids, which are important for vision. Plus, they can help

you absorb carotenoids found in other foods.

■ As well as lowering naughty LDL cholesterol, they boost HDL – the good kind!

■ Great for heart health, these green gems are packed with fibre, potassium, antioxidants and monounsaturated fats.

■ Studies show that those who partake usually have slimmer waists than avocado abstainers, so eat up!

YOUR Stars

Salma Hayek

September 2, 1966

She may have plenty of achievements to look back on, but now is no time to be feeling nostalgic. Salma needs to focus on the present this week.

Virgo AUG 24 – SEPT 23

Dwelling on the past might seem rather alluring, but the planets urge you to live in the now. If you don't think you've got the wherewithal, then seek support from less soppy, sentimental friends. Even parents or siblings might be able to help you snap out of your current nostalgic state.

Libra SEPT 24 – OCT 23

This star-gazer reckons you'll be craving excitement from places beyond your own front door in coming weeks. While an impromptu trip for work or for pleasure could sooth your present itchy feet, do consult with loved ones and do let them know you still care.

Scorpio OCT 24 – NOV 22

Planetary patterns indicate needy, manipulative pals or parents could cramp your style. Instead of abandoning social plans to rush to a loved one's rescue, play it cool. Once folk know you're not a walkover, they'll stop making such unnecessary demands.

Sagittarius NOV 23 – DEC 21

Lunar activity could make you very cynical. Archers are normally trusting souls, but this week you might find you're the opposite. That said, you must try to fight any negative feelings. Not everyone is out to get you. Indeed, according to your chart, you've got way more allies than foes.

Capricorn DEC 22 – JAN 20

Any Cap currently dealing with stressful domestic situations should take some time out. Mercury signals far happier outcomes if you can remove yourself. A clearer perspective will help you come to a decision that's best for everyone concerned.

Aquarius JAN 21 – FEB 19

Group activities and joint ventures could bring great rewards over the next seven days. As much as you enjoy your own company, solitary pursuits aren't likely to bring as much social or work satisfaction. So fight your inner hermit and make an effort to mix with the masses.

Pisces FEB 20 – MAR 20

Unless you're already a relatively high earner, you're not going to get rich quick any time soon. So don't be tempted by "bargain" buys or "golden" investments. Play it safe and hold on to your hard-earned cash for a while. A few months from now, you could be thanking your stars.

Aries MAR 21 – APRIL 20

With Venus moving forward this week, you won't have much worry when it comes to domestic or romantic affairs. However, work may be less enjoyable. Erratic employers could have you tearing your hair out, but good-humoured colleagues should help pull you through.

Taurus APRIL 21 – MAY 21

Jupiter's influence should ensure you are blessed with more get-up and go than you've had lately. And it couldn't come at a better time considering your work calendar and social diary are going to be packed. Don't take on too much, mind – you'll end up exhausted again.

Gemini MAY 22 – JUNE 21

While some people can get away with saying outrageous things, not all Twin types will get off scot-free. Lunar activity suggests you could greatly offend someone with words said in jest. For whatever reason, a partner or pal will be feeling very sensitive this week, so think before you speak.

Cancer JUNE 22 – JULY 23

Mars seems set to make you a little less worried about what other people think. Use your newfound inner resilience and thick skin to do things you would normally shy away from. For instance, a project you've long wanted to tackle might succeed now you don't need anyone's approval.

Leo JULY 24 – AUG 23

Although you love drama, events that transpire this week might put you off amateur theatrics for life. A diva-like mate or melodramatic colleague certainly won't get any standing ovations from you. In fact, you're more likely to exit stage-left than suffer through an encore...

The BIG NW turn on

K-Stew cracks (a smile)!

The actress finds her funny side in her ultra-cool new role!

She spent years pulling that get-me-out-of-here grimace on red carpets while promoting *Twilight*, but it looks like **Kristen Stewart's** finally found her happy place in the action comedy *American Ultra* alongside **Jesse Eisenberg!**

Renowned for never seeming to get excited about, well, anything, Kristen has even gushed that it was the fact Jesse would be her co-star that initially drew her to the role. Yep, actual enthusiasm!

So what's so great about this flick that's got the 25-year-old so excited? Well, the zany plot for one.

Kristen plays Phoebe, the girlfriend of stoner convenience store clerk Mike Howell (Jesse), whose life is turned upside down when he discovers he's actually a CIA sleeper agent.

"It's kind of a stoned *Bourne Identity*," she says. "[Jesse] is not like a **Jean-Claude Van Damme** or like a **Matt Damon**. He's just this quirky kid that can all of a sudden kill somebody with a spoon!"

Yes, you heard it here first – Kristen's even cracking jokes!

***American Ultra* in cinemas
September 10**

Happy ending

Smiles were rare with her ex Robert Pattinson – but not with Jesse!

THEN

Kellan Lutz
After stealing our hearts as Emmett Cullen, Kellan, 30, scored the lead role in *The Legend Of Hercules* and is currently in *Oz* filming sci-fi flick *SFv1*.

Ashley Greene
After hanging up her vampire fangs, Ashley, 28, took parts in punk-rock biopic *CBGB* and the Zach Braff-directed comedy *Wish I Was Here*. Next up, she's playing Priscilla Presley in *Shangri-La Suite*.

Following **Kelly Osbourne** and **Kathy Griffin**'s shock exits, the future of *Fashion Police* looked grim! Meanwhile, the search continues for a fourth panelist. Pick us, pick us!

Firass Dirani

'I'VE GOT SOME RESTRAINT NOW!

The *House Husbands* star's a changed man!

We love watching sexy **Firass Dirani**, 31, playing hunkalicious Justin Baynie in *House Husbands*, but is it just us or is he getting even hotter? Cutting down the partying has clearly done wonders!

"I'm back on [the booze] but I have restraint now. I've exercised that willpower with a lot of agony!" he says of his two years off the grog. "But I'm not partying like I used to – it's not cool to be 50 and still rocking it at clubs. You've got to start reining it in a bit – especially for your health."

"I'm into boxing and yoga. I also like watching documentaries, spending time with my family and doing photography."

And how about those rumours that he's romancing kaftan queen Camilla Franks?

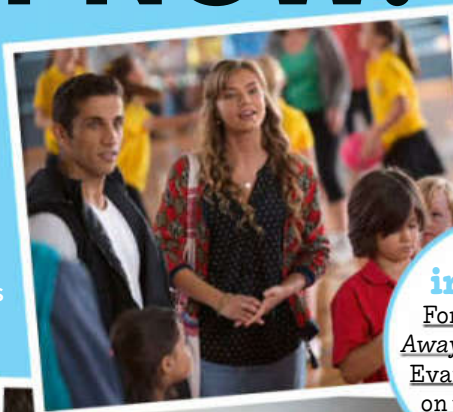

"Camilla who?" he laughs.

It seems he's not giving anything away – not even when it comes to the show's fourth series!

"There's going to be some tears and some drama, conflict, love and heartbreak," he says.

Go on, mate – spill it!

Former Home & Away hottie Indiana Evans joins Firass on the show this season.

The Block

Whitney & Suzi's explosive bust-up

There are always dramas on *The Block*, but this season it seems the bitch factor will be off the scale!

When we caught up with rival contestants Whitney, 29, and Suzi, 44, the girls had plenty to say about each other!

"Me and Suzi had a pretty big blow-up," beautician Whitney tells *NW*. "She made a comment that really annoyed me. She's the kind of person who jumps the gun a bit – she takes things too far and likes the drama. You say something and she just explodes. She's definitely got some feistiness

about her and the true Suzi comes out when she hears something she doesn't like."

But Whitney – who met her partner Andrew on Tinder – didn't stop there!

"She and Voni are used to getting their own way, so they don't like someone standing up to them," she adds. "Being mature-aged women, they're pretty intimidating. But I don't care who you are, what you do or how old you are, if you're going to speak to me like crap I'm going to stick up for myself!"

Yikes – sounds intense!

Suzi, on the other hand, gave us a much more placid version of events.

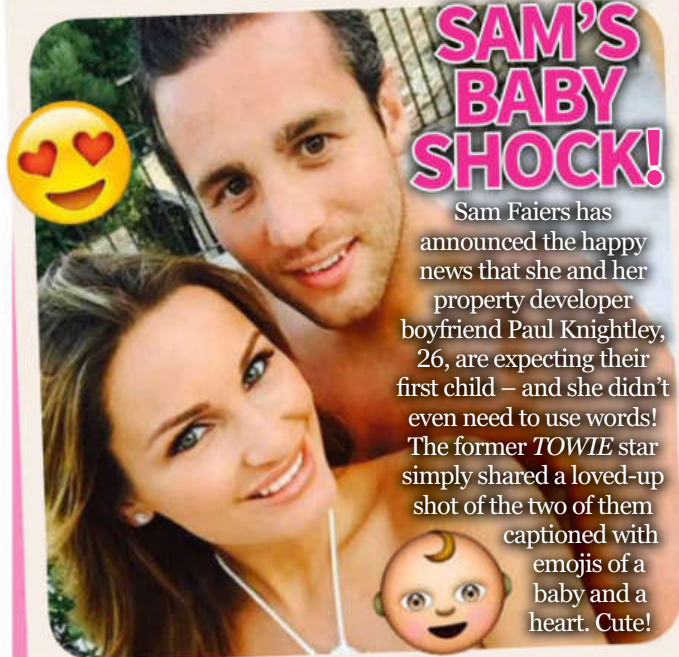

"There was a problem with the age difference," she tells *NW*. "When you live a full life, you look at life differently and act differently. There were definitely words but we all made up."

So what does Whitney think of Suzi's *Penthouse* cover?

"I felt sorry for her – I think she made a mistake."

Woah! Tell us what you really think...

The Block Sunday 7pm and then Mon-Wed at 7.30pm on Nine

SAM'S BABY SHOCK!

Sam Faiers has announced the happy news that she and her property developer boyfriend Paul Knightley, 26, are expecting their first child – and she didn't even need to use words! The former *TOWIE* star simply shared a loved-up shot of the two of them captioned with emojis of a baby and a heart. Cute!

Delta's fed-up face?

Not happy!

Talk about strops! At one point during the Blinds, Delta even stormed out!

DELTA'S VOICE DRAMAS ARE OVER!

Delta Goodrem's had a major win with her new single *Wings* topping of the charts, but she's had a seriously tough time on *The Voice* this season! On top of not having any of her acts in the finale, Delts experienced a fierce rivalry with feisty fellow coach Jessie J – but boy did it produce some hilarious facial expressions!

WEDDING BELL LOLZ

Most celeb couples would issue a firm denial when incorrect rumours emerge, but not *The Biggest Loser* couple Michelle Bridges and Steve "Commando" Willis! Michelle hit back at reports they'd secretly married during their Tahitian babymoon by sharing hilarious mock-up shots of herself and Commando tying the knot. What a giggle!

BRANDI snaps!

Ask an honest question, get an honest answer from NW's straight-shooting agony aunt Brandi Glanville!

Dear Brandi, Lately I've noticed that my BFF is becoming me! She's changed her style to be like mine, has started hanging out with all of my work friends and to top it off she even hangs out with my boyfriend behind my back when I'm working evening shifts! How do I gently tell her to back out of my life? Penelope, WA

"Ditch that bitch! Make the safe switch and get yourself a GBF – gay best friend! She sounds like a stalker. These things never end well. Don't be flattered, be scared. It's not overkill to change all your numbers, block her number in your boyfriend's phone and hide any small animals you may have... I'm serious!"

Hi Brandi, I've always strived to watch what I eat and work out whenever I can. But lately I've been feeling like my boyfriend has been deliberately trying to fatten me up! He says he prefers women to be curvy and I'm worried he won't fancy me if I don't put on a few kilos – what should I do? Jess, Qld

"F**k him! You need to make yourself happy first and foremost. He fell in love with you for your inner beauty and clearly was attracted to your exterior beauty when you first met. It sounds like he wants to keep you down because of his own insecurities about losing his hot trim girlfriend. Maybe you should tell him he needs to gain a few pounds in his penis because you'd like one with a little more weight to it in the bedroom... He sounds like a pig – don't let him turn you into one."

'Get this into you'

Let's just hope she hasn't left her other kid **Sasha** lying around somewhere!

AMY'S A WEDDING CRASHER!

Yep! When *Trainwreck* creators Amy Schumer and Judd Apatow stumbled upon a pub wedding in Dublin, they couldn't resist joining in on the festivities!

"We were just saying that Amy Schumer was in town for *Trainwreck*, when a car pulled up and she got out," says wedding guest Steve Cummins, adding Amy and co even joined in an Irish sing-a-long!

Of course, Amy has a habit of crashing events – while having a run in New York's Central Park, she interrupted a gay couple taking engagement photos in New York's Central Park and insisted on posing up a storm with them.

"I thought it was a little weird," says photographer Alisha Siegel. "I take another look, it hit me that it was Amy Schumer!"

Things very fast

She might have arrived late to the Bachelor party but Lana's the one we've got our eye on!

Snezana and Heather have been our frontrunners the whole way through this mind-blowing series of *The Bachelor* – that is, until bouncy-haired Lana, 27, came sashaying into the mansion last week.

Those twinkly blue eyes of hers have got Bachie Sam Wood in quite a spin and the Bachelorettes are not impressed – like, really not!

Needless to say, we couldn't wait to catch up with Lana to hear how gushy she is about falling for Sam. Aw!

"He's so tall, dark and handsome. The first thing I noticed was his gorgeous eyes and big smile," the smitten Sydneysider tells *NW*.

Read on to find out her thoughts on marriage, kids and moving to Melbourne to be with Sam!

So Lana, what was the reception really like from the other girls when you sauntered into the house as an intruder? They were definitely caught off guard and surprised to see me there. They already had their friendship groups and were quite stand-offish. They weren't too quick to befriend me, that's

for sure! Straight away, though, I got along pretty well with Sarah. She was really friendly and seemed genuinely kind. I'd say I became mostly friends with Sarah and Heather.

There have been all kinds of stories about various people not getting along in the mansion – did you notice a lot of tension between some of the Bachelorettes?

I wasn't initially aware of any kind of tension, but as time went on I was and I can now watch it back and see the issues.

And what was your first impression of Sam?

Well, I thought by the way he was smiling that he would be a caring person and easy to talk to – and he was!

And then what happened?

We had a good chat a bit of a laugh... and things progressed very quickly!

Oh really?! Well, you're very well suited... Ah, thank you! Would you be willing to move from Sydney to Melbourne in order to be with him? Yes, definitely. I'm a big lover of travel and I've lived outside of Sydney before. I'm a big opportunist so I'm happy to go anywhere. I wouldn't want to just go to Melbourne to be a girlfriend, though – I would want to find

a career for myself and have my own social circles and my own life there. Sounds like you've thought about it a lot! Sam is gagging to be a dad – are you ready for kids? For me, it's not a matter of thinking, "I'm 27 and have to do this by the time I'm 28." It's just whatever is the natural progression for the relationship. I wouldn't jump into anything too quickly. I think it's important before you do things like get married and have children to make sure you're a good team, because for me marriage is for

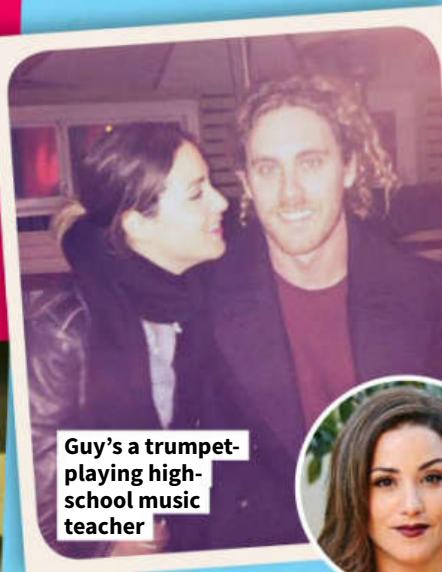

life. But I would love to get married. Of course – why not! You're a total stunner – are there any ex-boyfriends Sam needs to be worried about? No. My last relationship ended a year ago. We were together for four years and when that ended I took my time dating again, because I needed time to figure out who I was and what I wanted out of my next relationship. I must have had this big sign on my head that said, 'Don't talk to me,' because no-one was coming up to me! I practically had a year of no dating and then I went into *The Bachelor*. ■

Bachelorettes on the loose!

JACINDA SHOWS OFF HER MAN

Guy's a trumpet-playing high-school music teacher

She was one of our fave Bachelorettes, so it's no surprise cutie Jacinda's been snapped up! She's scored herself hot Sydney muso Guy Elsom and couldn't wait to tell the world about it, hashtagging this Instagram snap, "#myhappyending".

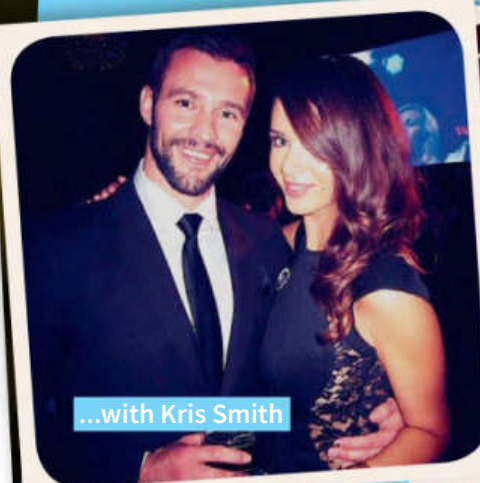

And when we told Sam the news he was over the moon, telling us, "That's great. I'm really pleased. She is lovely and I couldn't be happier for her."

HAS SARAH ALREADY MOVED ON?

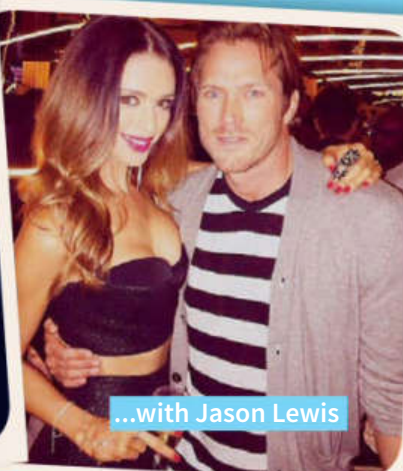

Her smoochy date with Sam at his Bachie pad had us thinking Sarah was headed for the top three. But now snaps have been unearthed of the pretty 25-year-old messing around with this handsome dude – and there are rumours she may even be engaged to on-off boyfriend Jake May. Hmm...

Whoever he is, he's a lucky boy!

EMILY'S A-LIST CATCHES

Emily is a total superbabe, so it's hardly surprising she's managed to wrap herself around celebrity beefcake like *Sex And The City* star Jason Lewis and British rugby star-turned-model Kris Smith – aka the former Mr Dannii Minogue! Check her out on the arms of these famous hotties.

We hear that at one point Bec refused to film any scenes with Snezana and Nina

THE TRUTH ABOUT BALI!

While Sam says he met Bec for just a few minutes in Bali, our insider still insists that's not true. "Sam approached Bec in a Bali bar. She told me, 'We shared a few hours together having drinks and even shared a kiss.'" Bec confirmed this last week, adding, "We kind of hit it off. We chatted on and off throughout the night."

Bec thinks Emily's been unfairly pitched as the 'villain' on the series.

Girl ga AT WA

Never before has the Bachelor mansion been so divided. *NW* got the inside story on what really went down between Emily, Bec, Snezana and Nina...

Move over, *Real Housewives* – this year's *The Bachelor* has caused the biggest catfight ever. And the friction between Team Snezana & Nina and Team Bec & Emily has had us glued to the screen – and social media!

Now, hot on the heels of Bec and Emily's dramatic exits last week, a source reveals to *NW* what's really been going on.

With Emily calling Nina "rough", Nina labelling Emily a "princess", and Bachie Sam telling Emily she was "fixated" on the feud, it's no wonder it got nasty behind the scenes.

"Bec decided to leave not only because she realised Sam wasn't right for her, but because the environment in the house was

deteriorating," says our insider. "Her relationship with Snezana and Nina had hit an all-time low. Things had become so heated that at one point, Snezana and Bec's noses were almost touching during a disagreement!"

Meanwhile, Snezana tells *NW* that she was far from shocked by Emily's walk-out after her awkies chat with Sam, in which he revealed that her negative obsession with Nina was making it difficult for him to see a future with her.

"I don't think that went down well with Emily. She didn't want to be in the bottom two next to Nina, and she knew she was going to go," dishes Snezana.

"I have nothing against the two girls. We were friendly in the beginning, but the way different people do

different things caused a bit of tension. Nothing major – just differences of opinion. Things have been blown out of proportion – there's mountains been made out of molehills."

However, Snezana has also been vocal on social media, sharing a quote on Insty that read, "Always be careful of what you hear about a woman.

Rumors either come from a man that can't have her, or a woman who can't compete with her."

She captioned the shot, "Nothing more to say!"

Oh, except for some cheeky hashtags like "#famehungry" and "#attentionseekers"!

The same night Emily appeared to hit back on her page, writing, "Some people are all class hey..."

Well, at least one good thing has come of the drama, with Bec and Emily becoming firm friends for life.

"We ride together // we die together," Bec wrote on Instagram. ■

There are even claims that Nina cornered Bec!

Our insider says Snez's "aggression" towards Bec was apparent.

THE BACHELOR RUINED OUR LIVES!

It's been the most explosive season of *The Bachelor* to date (and we thought Blake-gate was bad!), but for some Bachelorettes the fallout from taking part in the show has been seriously tough.

We hear a couple of girls are even considering legal action because they feel they've been wrongly portrayed on screen, while others like Jasmin have been left devastated by online trolls.

Taking to social media to reveal the terrible comments she'd been subjected to, Jasmin told her followers, "I have a very thick skin and it will take a lot more than someone calling me a horse or a farm animal to make me have a breakdown. But this sort of behaviour is not acceptable."

Meanwhile, Ebru – who said she was heartbroken as she left the show last Thursday – has reportedly infuriated her Westpac colleagues in Melbourne for taking so much time off while she attempted to find love on the show.

One commented, "It's unfair. Then she comes back to work and people have been working back till seven o'clock to cover her and they're pissed!"

SNEZANA, 34

"She's an incredibly beautiful person both inside and out. She's got a huge heart, she's very kind, caring, and she's also very intelligent! The challenge is that she lives in Perth and she's got a nine-year-old daughter, so it's something that definitely needs to be addressed. It's a lot to consider. It's something that can be worked around but it's a huge decision and needs a lot of thought. With her, it was just instant. I never felt like I had to try - we just clicked."

SARAH, 26

"She's smart, driven, beautiful and lives around the corner from me in Melbourne - I really enjoy her company. The only thing that worries me is the age difference - there's quite a big age gap. That being said, she's highly intelligent and mature for her age, so I don't really notice her age. It's just, how would she feel about starting a family and that kind of thing? Because that's something I'd love to do."

RACHEL M, 29

"She's come in really late and is in the top six, even though we've only spent very little time with each other, so it's tricky. At this point in time, I need to get to know her a bit more, but I can already tell that she's a really sweet, pretty girl. But I haven't had a one-on-one date with her, so I really don't know what to think at this stage!"

THE TOP 6

What Sam really thinks!

Which girls can he really see a future with? And who's he got doubts about? Bachie sat down with NW to tell all...

Now that he's down to the final six ladies, we're all gagging to know who Bachelor Sam Wood is going to pick.

But 34-year-old says it hasn't been easy sorting out his feelings!

"I was finally starting to work this out!" he tells NW. "I had started to navigate my way through and then intruders happened and threw a spanner in the works!"

Here's where Bachie's head's at right now...

HEATHER, 29

"We have our little in-jokes and effortless laughs, and I really enjoy her company. I think she's beautiful. It's just when someone calls you 'mate' and 'dude'... But, like Nina, she has said, 'I don't want this to go into the friend zone,' and it's good that she made that really clear. It either happens or it doesn't, and at this point it hasn't happened. But there are little moments where I feel like we are in that place. Having said that, I think it's great to have a good friendship in a relationship, but I'm wondering if that's where it would stay or if that physical stuff would come along, too."

LANA, 27

"She's beautiful, sophisticated, smart, charismatic and we got on really, really well from the moment we met. One of the challenges is getting to know her and spending as much time with her as I have with the other girls, because she's come in at this late stage. From the moment I met her, it seemed that she was the whole package. Anything I would ask her, she would be very compatible with, and I thought, 'That's the kind of person I can see myself being with.'"

NINA, 28

"She's great, great fun. She's kind of like a mate, but at the same time makes it very clear to me that she doesn't want to be viewed like that. She's a beautiful happy-go-lucky person to be around. But at this point I'm wondering if it's going to fall into the friendship category or be more than that."

We rate the dates!

From the awesome to the awkward, here's NW's scorecard of Sam's hits and misses...

C-

Harbour Bridge date with Nina

Sam and Nina barely knew each other when they attempted a pashing world record atop the Sydney icon. Awks! Especially since we didn't see a spark between them!

A+

Sarah goes to the Bach pad!

During their second date, Sam and Sarah shared their first kiss. No grand gestures - this time shiz seemed real. Maybe she's the one to watch...

B+

Heather's superhero date

This themed outing was super cute and looked like a lot of fun, but it didn't really help pull them out of the friend zone. We failed to spot any romance.

B-

The countryside group date

Our toes were curling when they all tried to line dance with Sam. At least we got to see Bachie looking buff and wet as he and the girls bobbed for apples!

A

Italian escape with Snezana

Never mind the pepperoni, it was the chemistry between Snezy and Sam that made their private pizza-making sesh so deliciously spicy!

F

Groundhog dates

Ebru, Jacinda and Bec ended up in tears when they realised Sam had taken all three on identical nightmare dates. And with loveable Jacinda walking out, it backfired big-time!

LAURINA'S Bachelor lowdown!

These boots are made for walking...

"Sam told Emily he was fixated on her rivalry with Nina, which he clearly didn't like. And I totally understand. Last season, I hated Jess so much it consumed me. Every time she opened her mouth it drove me crazy, and I did consider leaving when I found out Blake kissed her on the group date. Emily made a big show of leaving, but it was obvious to Sam that she wasn't the girl for him anyway. I think he likes someone a bit more casual and more in tune with herself. Emily was so unaware of how she was coming across and that was a real turn-off."

Em and her attitude upped and left

DIRTY STREET PIE
of the week

'No-one likes a newbie... except Sam!'

"Well, what a couple of spanners in the works Lana and Rachel are! Lana talks in an irritating baby voice and has come in on her high horse, and Rachel looks so OTT. Sorry, but she does! We were so pissed off when the intruders came in last year, but Blake didn't seem to like any of them, so that made it a lot easier. The original Bachelorettes are going to start feeling like sloppy seconds now Sam is making connections with the newbies – especially Lana. Sam's shown no loyalty for the apparent 'love' he's said has been growing for the girls in the house – how quickly he forgets about it when someone new comes and bats her eyelashes at him!"

BACHELOR HEART MONITOR

Lana

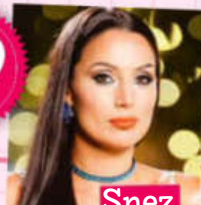

Lucky Lana

"If Lana ends up winning then I'll start believing in love at first sight! It's no wonder she has an air of arrogance about her – I think she knows she's got Sam wrapped around her little finger."

Snubbed Snez

"I think Snezana can tell there's someone hot on her heels for Sam's affections now. She did look quite disappointed when Sam called Lana's name before hers at the rose ceremony."
